10-19 Years

2 Decade

20-29 Years

3 Decade

30-39 Years

4 Decade

40-49 Years

5 Decade

50-59 Years

6 Decade

60-69 Years

7 Decade

70-79 Years

8 Decade

80-89 Years

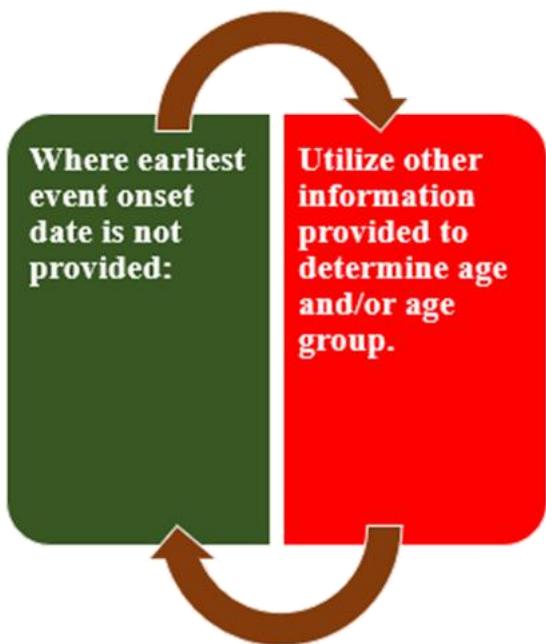

9 Decade

Date of Birth For Interventional Clinical Trials

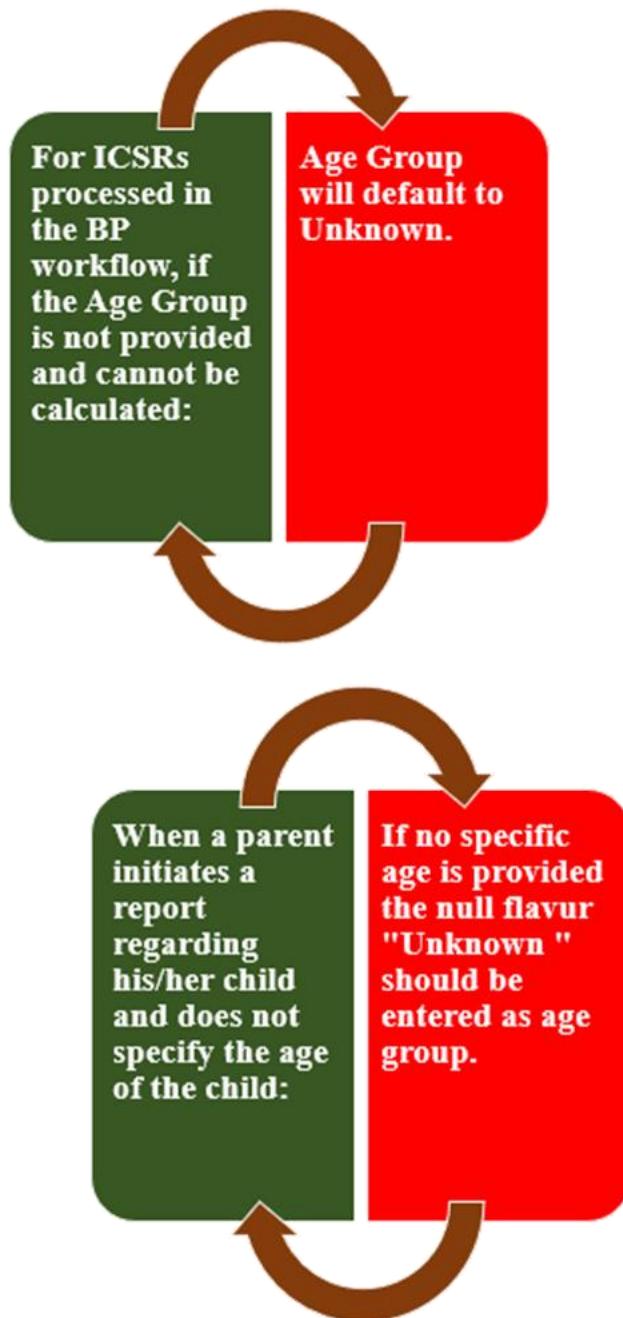

The subject's date of birth (DOB) should NOT be entered into the safety database for interventional clinical trials.

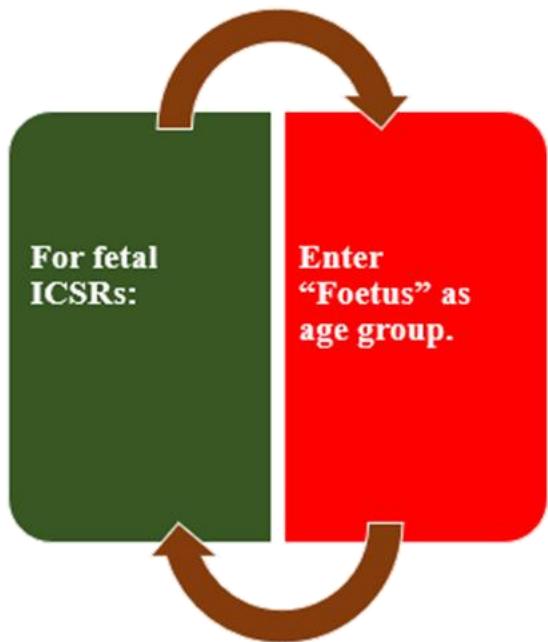

For all initial and higher versions (especially for older cases), please ensure to check the patient's date of birth and if it is incorrect, please remove it from the case.

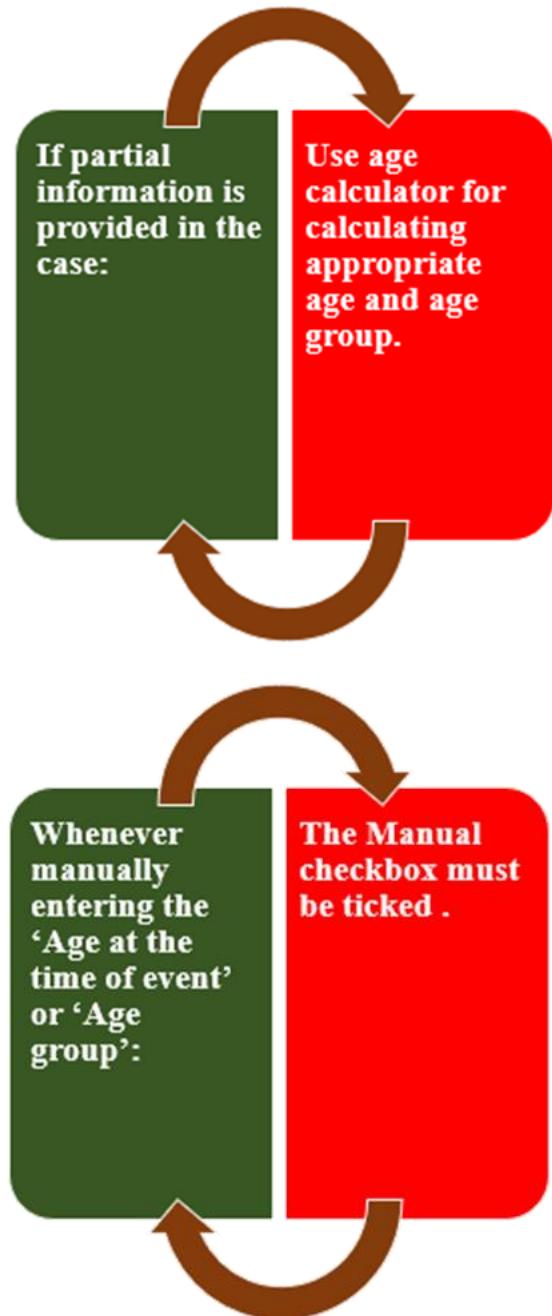

Scenarios and Actions to be taken

Disclaimer: This email is for reiteration purpose only, kindly refer latest TV-MAN-00556 in TruVault.
